THE COLOR GUARD

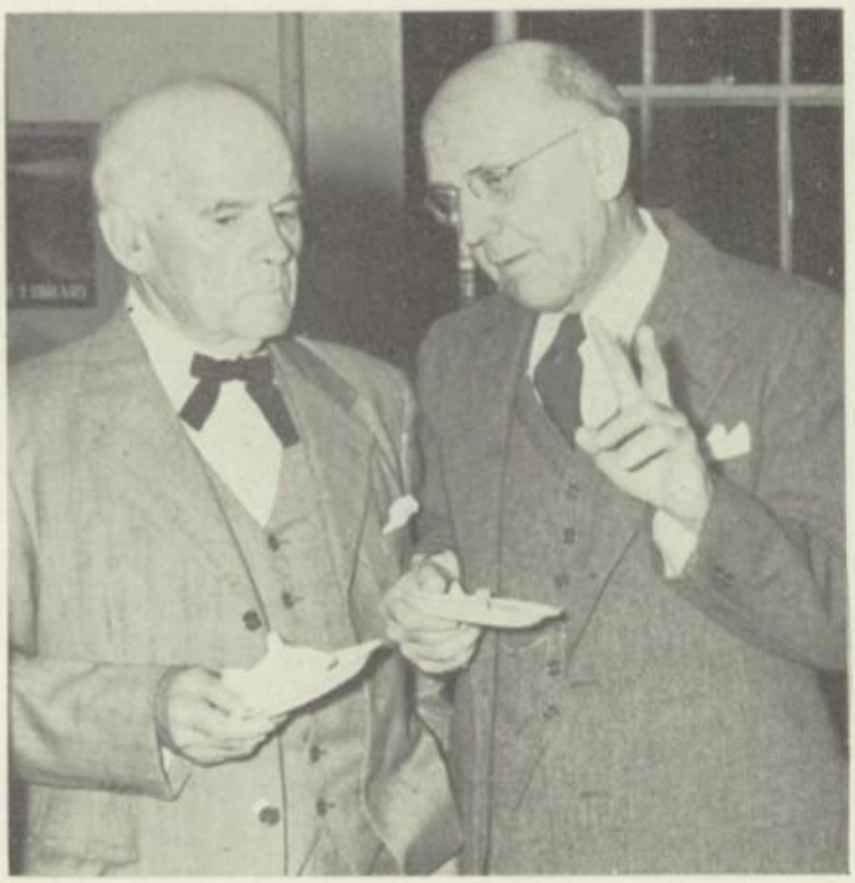
FOREWORD

The purpose of this catalog is to introduce you to Hargrave Military Academy; to show you by word and picture what the school is doing for boys under its care.

Hargrave Military Academy is a member of the Southern Association of Colleges and Secondary Schools, which is the highest standardizing agency for approved Southern schools. Our graduates are admitted to colleges and universities on certificate without examinations and on the same basis as graduates from other preparatory schools of the first rank.

The history of Hargrave Military Academy, a Baptist preparatory school, verifies its slogan "Making Men—Not Money."

Through the united efforts of Rev. T. Ryland Sanford, then pastor of the Chatham Baptist Church, and his loyal and consecrated friend, J. Hunt Hargrave, Chatham Training School was organized in 1909. In 1925 the name was changed to Hargrave Military Academy.



Col. Camden, President of Hargrave Military Academy, and Mr. J. Hurt Whitehead, President of the Board of Trustees, confer on school policies.

PHILOSOPHY

The secondary school in America exists to aid and to promote in its students the development of those powers, skills, attitudes, and ideals which will enable them to become progressively useful as citizens in the school community, to the end that they may become useful and honorable citizens in a democratic, social, and political order. Its program must, therefore, be so organized and administered as to assist and encourage the individual pupil to acquire, to the extent of his native endowments, knowledge and experiences that will assure, so far as may be, a personal responsibility for the realization of a well-rounded life in his relationship to society. In scope, the program should embrace the mental, moral, physical, social, cultural, and spiritual phases of man's existence.

Hargrave Military Academy, founded by a group of consecrated Christian leaders, and developed under the ownership and general control of the Baptist Board of Missions and Education, believes that it is obligated not only to provide for the mental, moral, and physical development of its matriculates, but also to give the spiritual and religious aspects of life a definite place in its program. A proper attitude toward and relationship with the Supreme Being, developed in a non-sectarian atmosphere, with tolerance and good will toward all, are esential to the building of Christian character and leadership. The motto, "Making Men—Not Money," with all that it implies, sums up the philosophy of the school.

The student body of Hargrave Military Academy, which is composed of boys from many social environments, home conditions, and educational backgrounds, may be divided into two main groups: (1) those who enroll for the specific purpose of preparing for higher education; and (2) those who have failed to fit into the educational program of their home communities. This school provides a program suited to the needs of these distinct groups.

GUIDANCE

The most effective guidance program is found in the school where the student and his development are factors considered to be as important as the subject matter in the curriculum. At Hargrave the Guidance Program is used to discover the needs, interests, aptitudes, abilities and capacities of each cadet. On these bases we build our program of instruction.

Each cadet is assigned a faculty advisor, who keeps in close contact with him regarding his personal, social, moral, and academic development. Scholastic Aptitude and Standardized Achievement tests are administered to entering cadets to assist in their proper classification. Personality and vocational preference tests, given at intervals, help the cadet's counselor in advising him regarding his personal adjustments and vocational choices.

Periodically, films dealing with vocational, educational, and social relationships are shown to the cadet corps. Each year the school conducts a survey of vocational interests among the cadets. The results are considered in planning for outside speakers, forum discussions, and special vocational films.

Monthly reports on these adjustment problems are made to the academic dean by the faculty advisors. Additional time is made available to students for personal, specialized counseling.

One of the outstanding features of the program is "College Night." At this time information and interviews are made available by the representatives of many colleges and universities.

The spiritual life of the cadets is fostered in a special way by an annual Religious Emphasis week. At this time stress is placed on the great spiritual and moral values. During the week an outstanding religious leader visits the campus and lives with the cadets. Conferences are held by him to assist the student with his problems.

THE CADET CODE OF HONOR

"A cadet of Hargrave Military Academy is a true gentleman. He stands for the highest ideals of life. He loves peace and deplores war, but is always ready to defend his country in its hour of need. He respects authority. He obeys the law. He cultivates filial love, and strives earnestly to be a credit to his father and mother. He honors the Supreme Being in thought, word, and deed."

HARGRAVE

MISS GEORGIA MAE CREWS
Librarian—Remedial Reading
B.A., University of Richmond; B.S. in L.S., University of North Carolina.

A course in Library Science is offered as part of the English program, and is required of all students scheduled for library attendance.

LIBRARY

The Academy Library, formerly located in the north wing of the main building, which was destroyed in the fire of February, 1950, now occupies temporary quarters. A quiet and accessible room in the new building, Mabry Hall, provides adequate and pleasant facilities for recreational reading, reference work, and study during the morning, afternoon, and evening hours. The collection of about fifteen hundred volumes includes standard and up-to-date references and recreational reading. A large selection of current magazines and newspapers is one of the popular features of the Library.

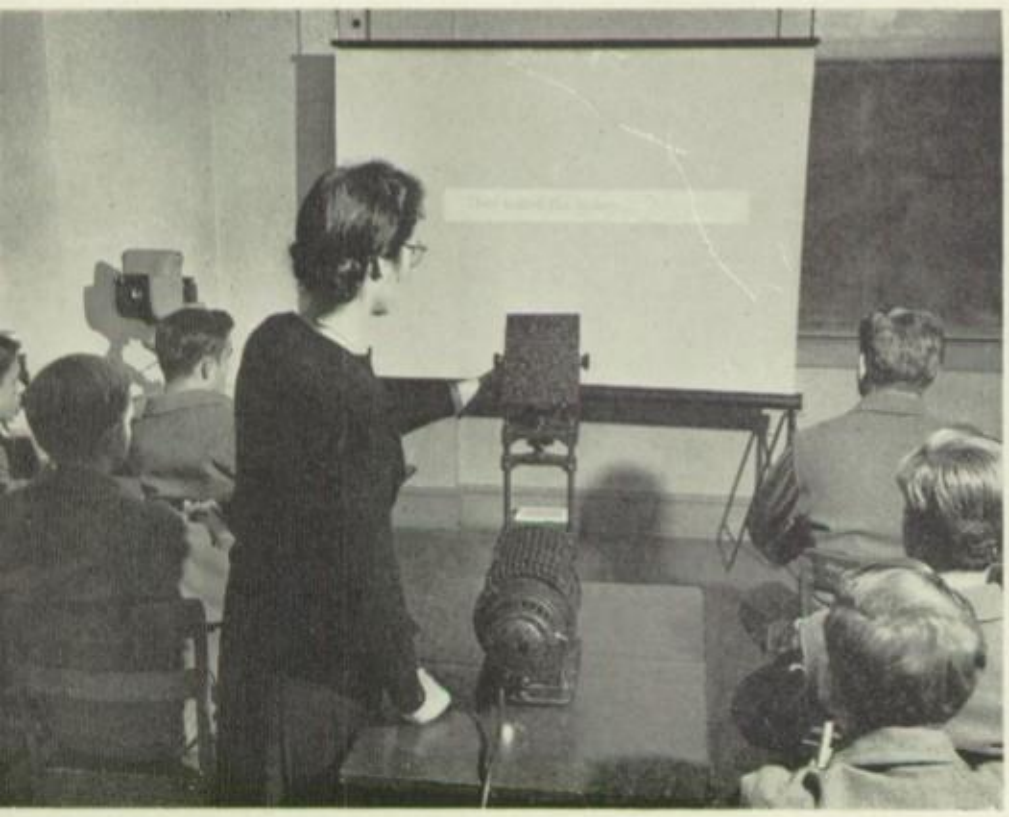
Plans for a new library are nearing completion, and we are looking forward to a day in the very near future when we can move into quarters planned and equipped for the best library service a preparatory school can offer.

The telebinocular with the Keystone Visual Survey Test is used in the Reading Clinic for the purpose of screening-out students with visual difficulties. In those cases where difficulty is indicated, treatment or examination by an eye specialist is advised. Before the cadet comes to school each year, however, we suggest that the parents have his vision checked by his own physician.

REMEDIAL READING

Reading disability is recognized as a major cause of failure by secondary school students. To meet this situation and to provide assistance to Hargrave students, the Academy has organized and equipped a department of Remedial Reading. Students desiring or chosen for this training are tested carefully for the purpose of discovering the weaknesses and causes of disability.

In cases of extreme difficulty individual instruction is recommended. Each pupil needing remedial training is placed in a group having corresponding reading abilities. This group receives visual training to develop speed and accuracy, and exercise in such skills as reading for detail or for precise directions, vocabulary building, and word recognition. In the majority of cases rapid progress and improvement are accomplished. The student who removes his reading disability opens the way to a freer and more enjoyable high school career.



The tachistoscope, a flash device, is used for developing visual skills in slow readers. Exercise in reading numbers, words, phrases, and even sentences timed from 1/5 second to 1/100 second gradually increases speed and accuracy in recognition of printed material. Pupils in Remedial Reading classes receive this training together with other types of drills and exercises necessary in the development of reading skills.

DIETETICS

Our dietitians provide the cadets with a good wholesome diet. School tables are furnished with an abundance of best grade, well-cooked food. The faculty, their families, and students are served at the same tables and with the same food. This, in addition to assuring the patrons that their sons are properly fed, helps to develop that intimate relationship between faculty and students which has ever been the policy of the management of Hargrave Military Academy.

The first floor of the new building provides a commodious dining room which seats 450 people. This provides for cadet corps, faculty, visiting teams, and guests. The dining room is pleasantly and attractively designed to assure a wholesome and healthy environment. The kitchen is furnished with the best available equipment including proper ventilation and scientific cleanliness.

MISS DEBORAH PATTERSON
Dietitian

MRS. B. W. RUSSELL
Assistant Deititian

HEALTH

The Academy is vitally concerned with the promotion of good health among its cadets, and the prevention of sickness and injury. A coordinated, twofold medical program providing for prompt, adequate care is therefore provided for each cadet.

(1) The Academy Physician maintains regular hours at the clinic and makes infirmary calls to treat minor disabilities and ambulatory patients, and to give diagnostic and clinical advice. The nursing staff is in attendance 24 hours a day whenever the Academy is in session.

(2) The Academy Student Insurance Plan supplements the services of the Academy Physician by protecting the cadet against the expense of the more costly illnesses and injuries requiring infirmary or hospital confinement, hospital treatment, or the services of a surgeon or consultant. These are the disabilities which often seriously disrupt the cadet's budget. The Academy Student Insurance Plan reimburses the cadet up to the specified limits described herein for these more expensive illnesses and injuries, thus providing comprehensive protection. Cadets are protected by the Academy Student Insurance Plan twenty-four hours a day — on campus or off — from the opening day of school in September through the closing day in June.

The Health Fee including the insurance premium for the school year is $25.00, and all cadets are automatically included.

A school physician, resident nurse, practical nurse, and two cadet medical officers provide twenty-four hour service in the Infirmary when needed.

H. H. HAMMER, M.D.
School Physician

MRS. RUTH BAILEY
Graduate Resident Nurse

DORMITORIES

LT. COL. LARRY A. KINZER

Commandant

Commandant, Junior School, Fork Union Military Academy, 1943-44. Commandent, Hargrave Military Academy since 1945.

The Commandant will have complete charge of all discipline of the Corps of Cadets. He will receive disciplinary reports against cadets from members of the faculty and cadet officers and non-commissioned officers, will jointly with the President, Academic Dean and P. M. S. & T. appoint and reduce officers and non-commissioned officers. He will also award tours and adjudge punishment for all infractions of discipline as reported to him, and will grant all furloughs and any special permissions.

Dormitory room assignments are made as students matriculate. Great care is exercised in the selection of roommates. Quarters are clean, comfortable, well-equipped, and are periodically inspected for orderliness.

AUDITORIUM—Students and Faculty meet here daily for a worship service. Chapel and vesper programs include outside speakers on vocational as well as religious topics. Cadets use the auditorium informally for movies, plays, and musical programs.

CADET PRAYER

"O God, our Father, Thou searcher of men's hearts, help us to draw near to Thee in sincerity and truth. May our religion be filled with gladness and may our worship of Thee be natural. Strengthen and increase our admiration for honest dealing and clean thinking, and suffer not our hatred of hypocrisy and pretense ever to diminish. Encourage us in our endeavor to live above the common level of life. Make us choose the harder right instead of the easier wrong, and never to be content with a half truth when the whole can be won. Endow us with courage that is born of loyalty to all that is noble and worthy, that scorns to compromise with vice and injustice and knows no fear when truth and right are in jeopardy. Guard us against flippancy and irreverence in the sacred things of life. Grant us new ties of friendship and new opportunities of service. Kindle our hearts in fellowship with those of a cheerful countenance and soften our hearts with sympathy for those who sorrow and suffer. May we find genuine pleasure in clean and wholesome mirth and feel inherent disgust for all coarse-minded humor. Help us, in our work and in our play, to keep ourselves physically strong, mentally awake, and morally straight, that we may the better maintain the honor of the Corps untarnished and unsullied and acquit ourselves like men in our effort to realize the ideal of Hargrave in doing our duty to Thee and to our country. All of which we ask in the name of the Great Friend and Master of men.—Amen."

OBJECTIVES

Hargrave Military Academy undertakes:

1. To maintain a wholesome environment, stress character building and spiritual development, both by precept and example.
2. To maintain a pleasant, homelike atmosphere with proper care for the comfort, diet and general happiness of the student body.
3. To provide, insofar as possible, individual attention both from the educational and personal points of view.
4. To maintain a Military Training program emphasizing physical exercise and the development of such traits as punctuality, obedience, orderliness, respect for constituted authority, reverence for our flag and national institutions, a sense of personal responsibility, self-reliance, and leadership, as well as the building of strong, graceful bodies.
5. To provide a sports program which seeks to afford adequate physical training, to promote and develop a true conception and practice of sportsmanship, and to create a spirit of loyalty and co-operation.
6. To provide for faculty-sponsored activities, initiated by the students, and developed in accordance with their recreational, cultural and avocational interests.
7. To provide a corps of teachers trained to lead in academic and co-curricular explorations, interests and activities calculated to help the student discover his aptitudes and decide what he will do with his life.
8. To develop the adolescent youth into a well-rounded being, ready and willing to take his place in society, whatever that place may be.

Hargrave Military Academy is a preparatory school of high grade, holding membership in the Southern Association of Colleges and Secondary Schools, Virginia Preparatory Schools Association, The Association of Military Colleges and Schools of the United States, and is accredited by the Virginia State Board of Education, and by the National Bureau of Education. The aim of the academic department of Hargrave Military Academy is not only to prepare a boy for college but to train him in those habits of study, industry, and perserverance which will enable him to remain in college after he has entered. Our work in the classroom is aimed not only to teach subject-matter acceptably but to develop character, for we believe that no boy will succeed without both.

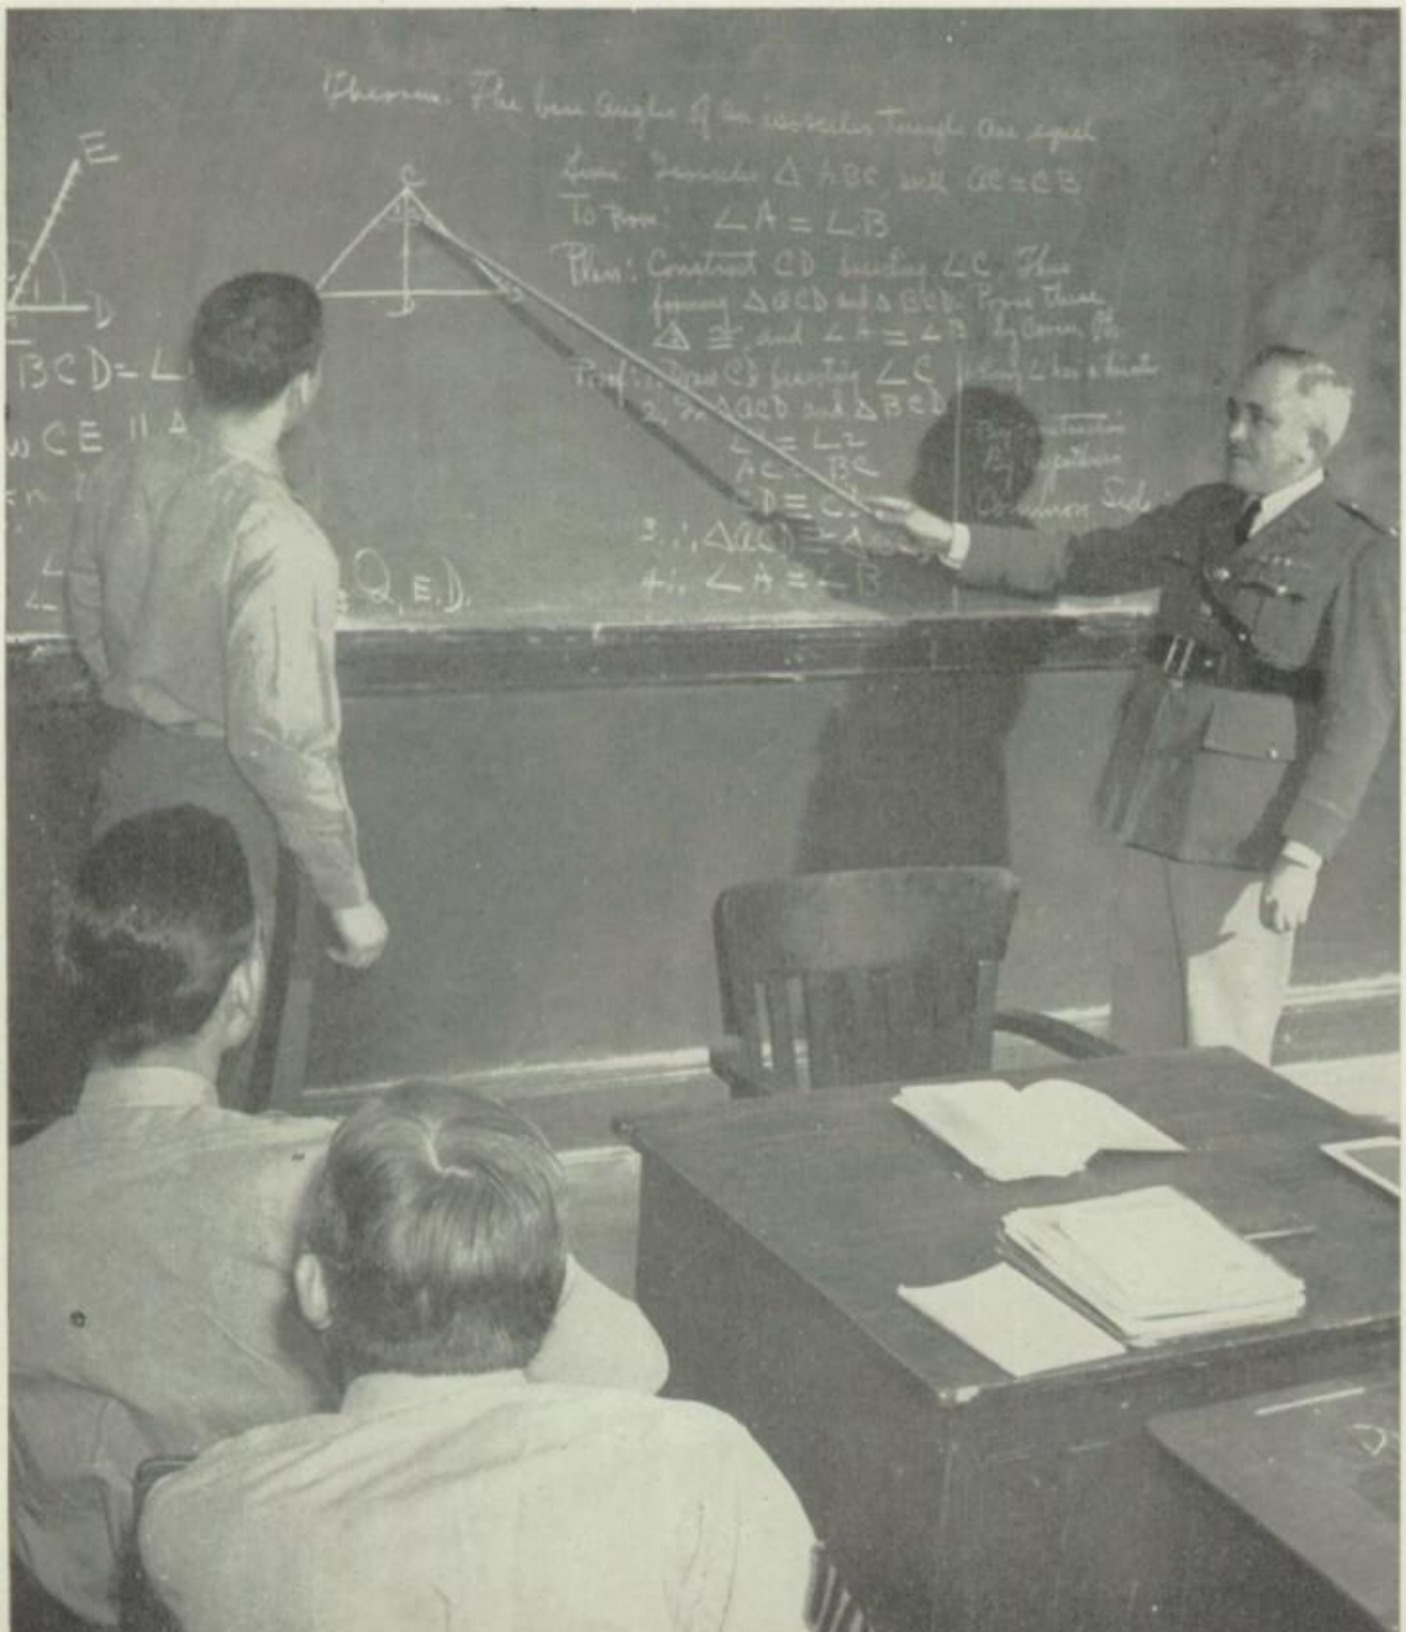
CURRICULUM



The curriculum at Hargrave Military Academy is based on the standard college entrance requirements as maintained in the best colleges and universities. Graduates who merit college recommendations are admitted to colleges and universities on certificate. A cadet desiring to enter a particular college or university should plan his course of study to meet the specified entrance requirements of that institution.

In order to assure proper classification of a new cadet, an official transcript of his record from the last school attended is required. This transcript should accompany the application or follow as soon as possible.

A cadet who enters for his Senior year's work or as a post-graduate and meets other requirements will be granted a diploma upon the completion of four major units, one of which must be fourth year English. A "unit" represents a prescribed subject successfully studied for 36 weeks, 5 days per week, one hour per day.

Cadets are not allowed to change classes without the written permission of the Academic Dean.

COURSES OF STUDY

Although a cadet is allowed much latitude in selecting a course of study, courses should be planned at entrance so as to meet the requirements of the diploma to be issued.

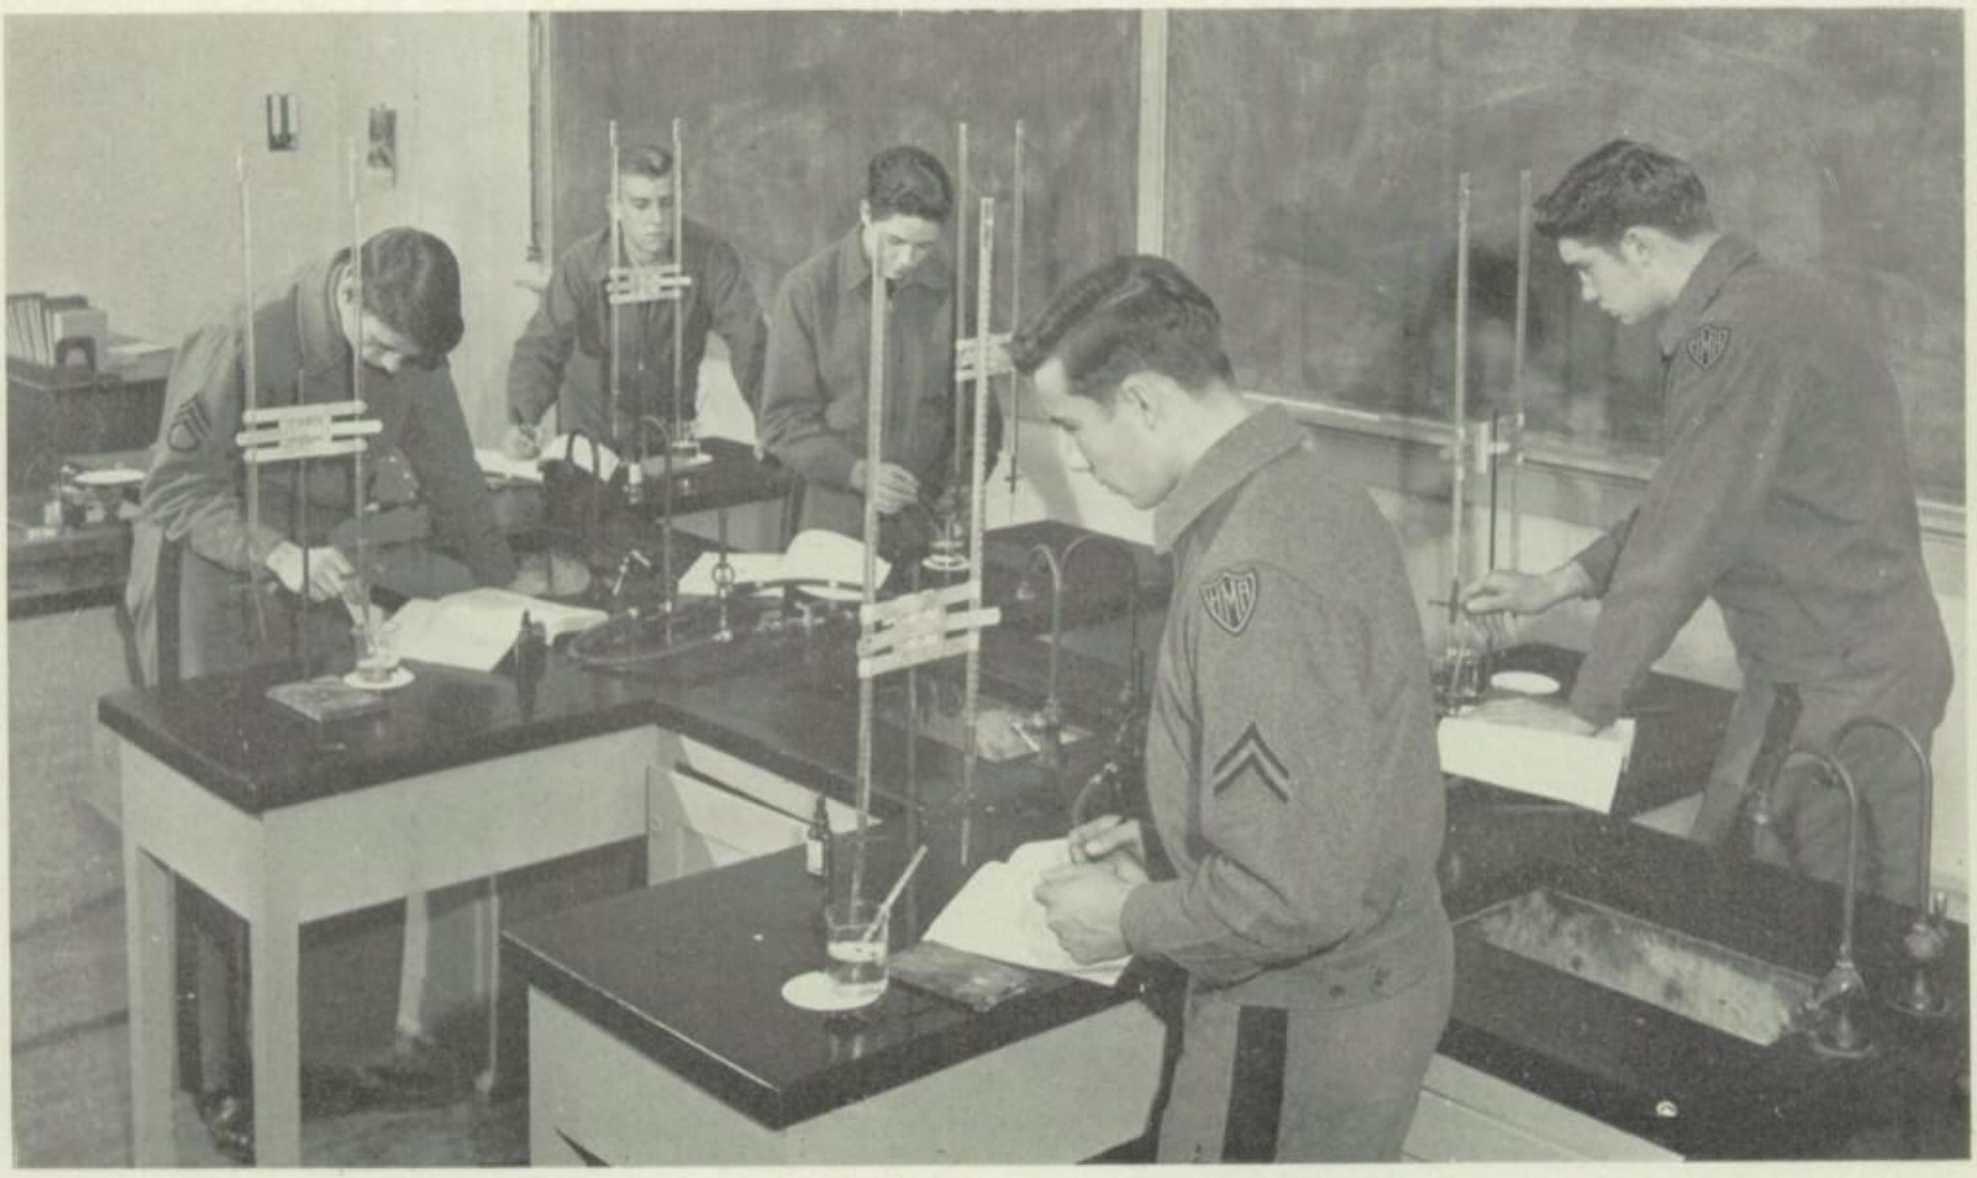
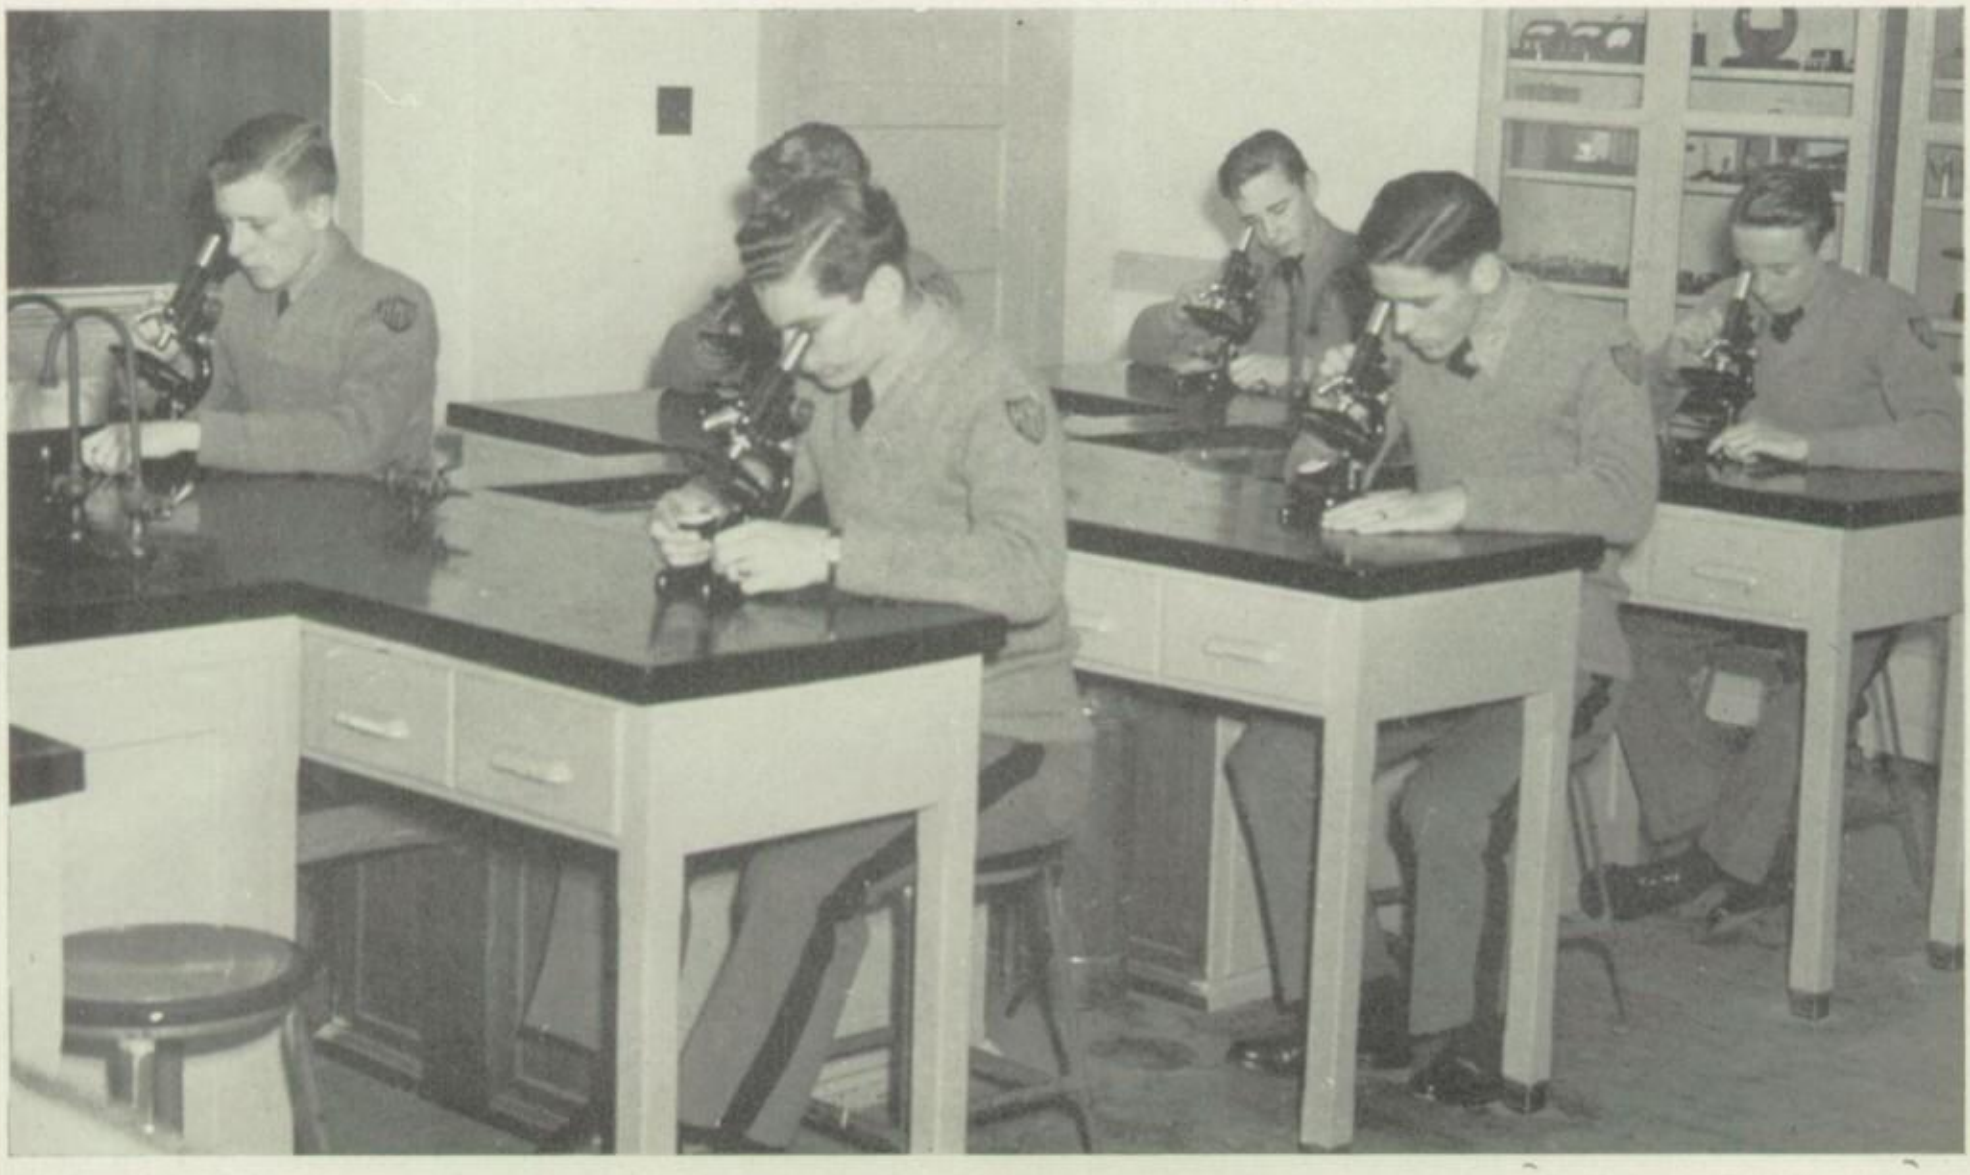
Cadets are given every assistance in selecting those courses that are best adapted to their interests and abilities. Aptitude tests help them to decide what vocation or profession might be advisable for them to pursue.



SCIENCE

Sections of the science laboratory—Complete facilities are available in the modernly equipped laboratory for experimental studies in General Science, Biology, Chemistry, and Physics—subjects of special interest to cadets in these days of so rapid development in these fields. Courses are conducted to prepare graduates for engineering and medical courses in college.



COMMERCIAL DEPARTMENT

Our Commercial Department seeks to accommodate an ever-increasing demand for business training. Efficient instructors have been engaged and adequate equipment provided. This department is a business community—securing definite and lasting results in young men—training them in keen thinking and strict business methods.

GOOD SCHOLARSHIP

CLASSIFICATION OF CADETS. New cadets are classified on the basis of work previously completed as shown on official transcripts from the school last attended. The privilege of changing a cadet's classification, however, is reserved until he has shown himself capable of pursuing the assigned course in a satisfactory manner. Standardized Scholastic Aptitude Tests and Reading Tests are used as a basis of reclassification.

METHOD OF INSTRUCTION. Each class period at Hargrave Military Academy is made a challenging adventure in learning by instructors who are men of thorough training and wide experience in their profession. The principle of thoroughness is ever kept in mind and no sacrifice of this is made in an attempt to accomplish a prescribed amount of work. The sixty-minute class period allows sufficient time for recitation on the part of the cadet, explanation and clarification of difficulties on the part of the instructor and for supervised study at the end of each period. Helpful explanations of assignments for the next day are made and the work to be completed during the evening Study Hall is outlined.

Small classes allow each cadet ample opportunity to obtain individual help. Instructors are always glad to assist cadets during vacant periods, or in the evening Study Hall.

Each cadet is expected to have four recitation periods per day, and no cadet can have more than five. In addition to the regular classes each cadet is required to take a class in Spelling and in Military Science and Tactics.

REPORTS AND EXAMINATIONS. Frequent written and oral tests are given to enable the instructors to judge the progress of each member of the class. The results of these tests are averaged with grades on daily work. The monthly grades thus obtained are mailed to the parent or guardian.

Examinations are given at the end of each term, and the grades made on these are averaged with the monthly grades to obtain the yearly average. In addition, standardized subject-matter tests are administered at intervals as an objective measure of the progress of the student. For Seniors wishing to enter colleges or universities requiring College Entrance Board Examinations, arrangements have been made for these examinations to be given in Chatham on the dates specified by the Board.

The following grading system has been adopted: A, 95-100; B, 88-94; C, 81-87; D, 75-80; E, 65-74 (Conditional); F, 0-64 (Failure). Although our passing grade is D, an average of C is required for a college certificate. Each cadet at the end of the year receives a certificate of promotion specifying the courses in which he has earned a passing grade.

TRANSCRIPTS. Each student is entitled to one official transcript of his work, provided all accounts with the school are satisfactorily arranged. Those requiring additional transcripts should enclose a dollar for this service.

The Academic Department is glad to assist the cadets in selecting a suitable college or university, and in planning a course of study designed to meet entrance requirements of the selected school.

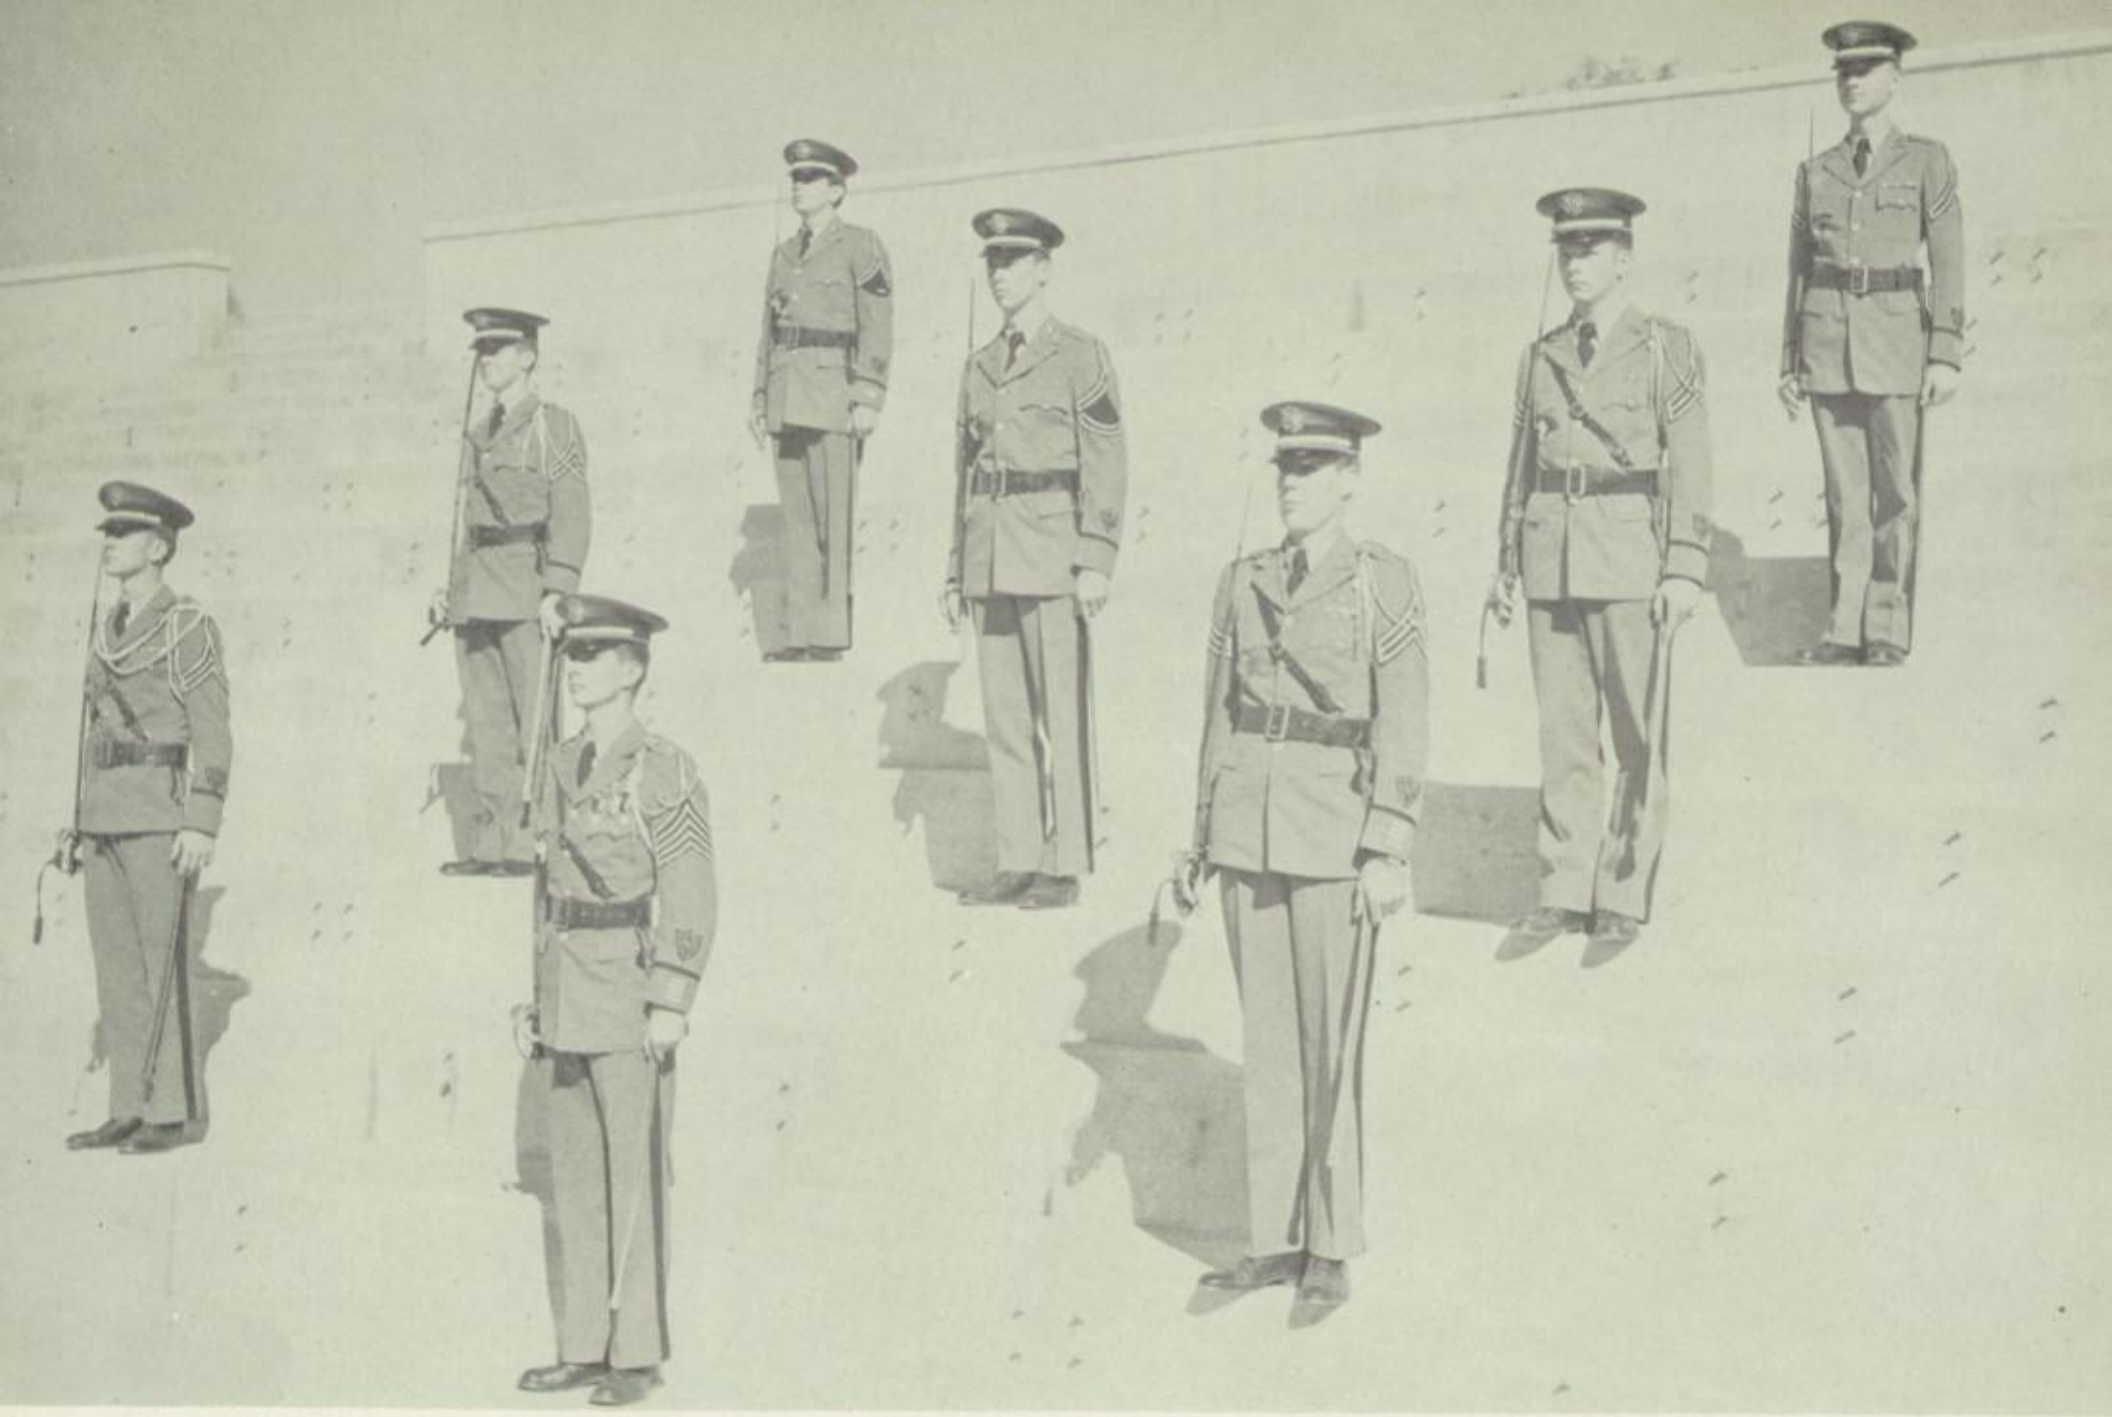
This new administrative building should be completed for occupancy during the session 1951-52.

The basement will contain a beautiful library and a large student recreation center. Office space for the president, secretary, bookkeeper, dean, commandant, and P.M.S.&T. will be found on the first floor—also, a reception room for parents and visitors, lounges for the faculty and ladies, and four classrooms. There will be nine classrooms located on the second floor. The third and fourth floors will provide enough dormitory space to accommodate 108 cadets.



BATTALION STAFF—*First row:* Maj. Stewart. *Second row, left to right:* Lt. Barnard, Lt. Burton. *Third row:* Lt. Ballinger, M/Sgt. Scott, Lt. Pettyjohn, J. *Fourth row:* S/Sgt. DeBusk, Sgt. Angwin.

MILITARY

Capt. Andrew W. Todd, B.S.
P. M. S. & T. — Science
B.S., V.P.I., 1941; United States Army, 1941-46; Hargrave Military Academy since 1946.

MILITARY DEPARTMENT

INTRODUCTION

During the period of World War I in order to co-operate in every possible way with the Government, and upon the request of many loyal supporters and patrons of Hargrave Military Academy, the authorities introduced Military Training. The Academy operates under Section 55c, National Defense Act, which provides the Academy requisition of all necessary military equipment, firearms, and ammunition needed for successful operation.

Since our national laws require that every male citizen above the age of eighteen years of age must serve in the army or navy in time of war, this training is regarded as imperative. It simply means that should he be called for military service at any time during his life, he will be better prepared than the average high school student. The cadet, moreover, derives benefits from this training which are of incalculable value to him in later life.

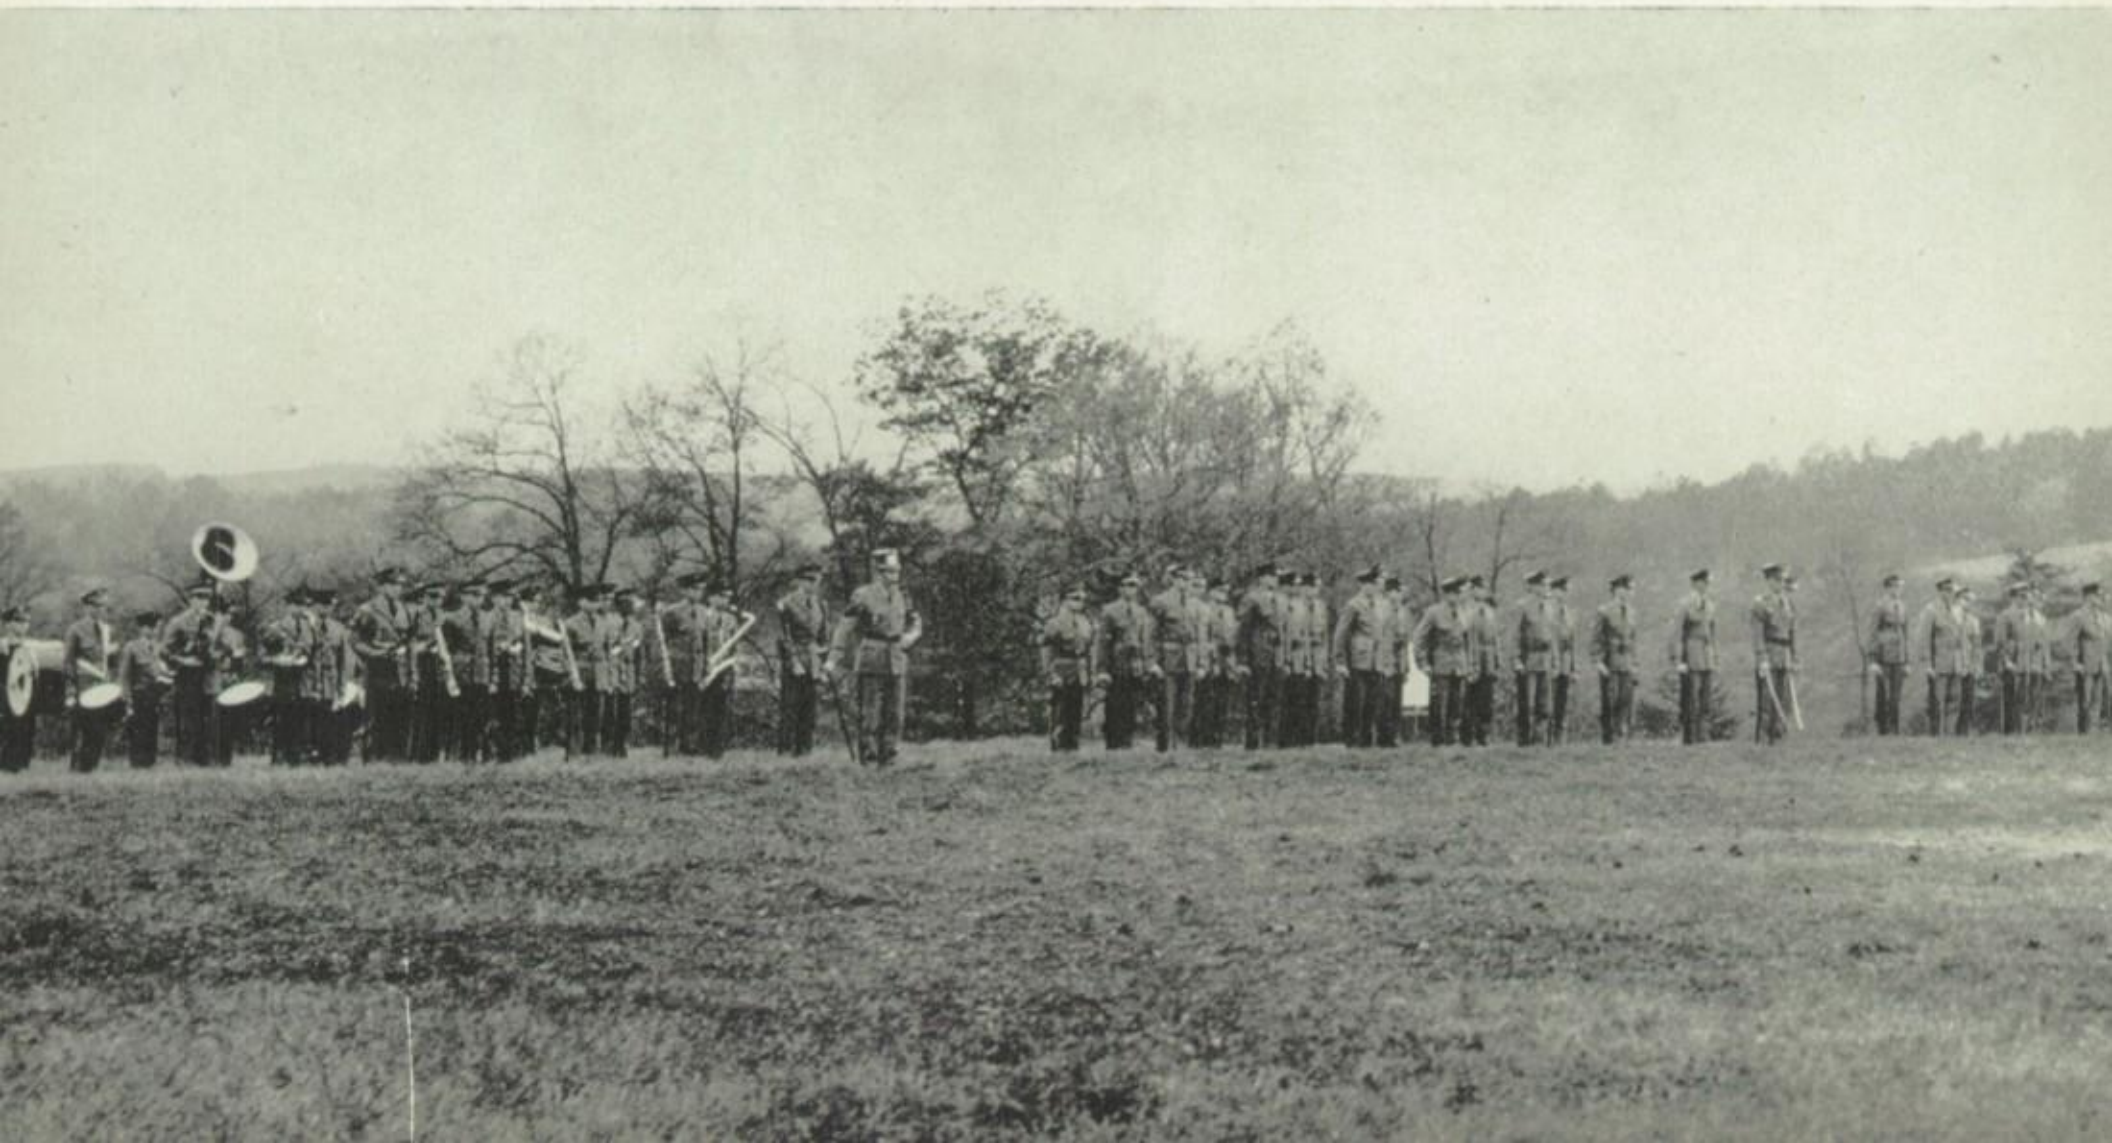
PURPOSE OF MILITARY DEPARTMENT

The aim of Hargrave Military Academy has always been to provide a homelike school for those boys who are intrusted to its care for instruction. In our organization military training does not supercede the homelike influence. Hargrave Military Academy seeks to combine these two desirable features.

The military training imparted here is of the highest order and includes advanced and modern methods. The splendid record of the Hargrave Military Academy Cadet Corps is a matter of deep pride to all loyal supporters of the school. We strive at all times for perfection in the execution of all military duties, but our main endeavors in applying our system of military training to growing boys is to develop in them, at their most impressionable age, habits of punctuality, obedience, orderliness, respect for constituted authority, reverence for our National institutions, a sense of personal responsibility and self-reliance, and to build up strong, graceful bodies, alert minds, an erect carriage, and manly bearing.

This is accomplished without in any way interfering with the parental, homelike relations of the student body and the school authorities. A member of the faculty lives in each dormitory, and is always available for consultation and guidance.

It must be emphasized that there is nothing in this military training which seeks to build up a militaristic spirit in the cadet.



RULES AND REGULATIONS

Two days in the week students will be allowed to spend a part of the recreation period downtown.

Students are under the authority of the school from the beginning to the close of the session.

Prompt observance of the order of the day will be strictly observed.

Students will not be allowed to engage in any games during school or study hours.

No student will be allowed to contract debts at the stores or elsewhere without written consent of parent or guardian, and with the approval of the President.

Any student permanently leaving the school, without written consent of parents or guardian, will be given an honorable dismissal.

Hazing in any form is positively forbidden.

No firearms or fireworks will be allowed in or about the building at any time.

Students are forbidden to bring their automobiles to the school for pleasure usage.

No canned heat or cooking devices are to be used in dormitories.

Students are required to care for their own rooms, keeping them in good order at all times.

Rooms must be put in order for daily inspection.

All students are required to keep themselves neatly dressed and to conduct themselves in a gentlemanly manner at all times.

During all recesses and holidays the general rules of the school will remain in force, except upon announcement of the President.

No tacks or paste shall be used on the walls for the purpose of making picture galleries.

The reading or possession of improper literature is forbidden.

Hitch-hiking is forbidden with penalty.

Disrespect to a Faculty Officer or insolence in any form is positively forbidden. Penalty—dismissal or otherwise severe punishment, depending upon circumstances.

Any cadet found guilty of drinking intoxicants, or of having such in his quarters or possession will be severely punished, frequently by dismissal.

Gambling, betting, or possession of devices used for same, is strictly forbidden. Offenders will be punished.

It is against the school rules for a cadet to join any oath-bound or secret organization.

Profane and obscene language at any time or place is forbidden with penalty.

Cheating on recitations or examinations, lying to an Officer, or other conduct unbecoming a gentleman will be severely punished.

Before matriculating, each student will be required to subscribe to the above rules of government, pledging his honor to cheerful obedience. The rules and regulations will be posted in each room, and in corridors.

ATHLETICS

No school program is complete without a well-rounded athletic program. Hargrave takes great pride in its athletic set-up.

Included in the facilities and equipment are two gymnasiums, two athletic fields with grounds for football, baseball, softball and all track events. Tennis courts and an out-door swimming pool are maintained. The best athletic equipment money can buy has been secured to clothe our athletic teams. There is an opportunity for every cadet to take part in some form of recreation.

Bottom row, left to right: Davis, C., Belton, Thompson, G. V., Cuadros, Fallin, Crutchfield, Neal, Sheffield, Outten. Top row: Taylor, Scammell, Fuertes, Fryer, Faircloth, Swertfeger, Britt, Sallinger, Wallace, Beeson, Frazier.

RIFLE TEAM

Marksmanship requires a steady hand, and keen and accurate eye. In selecting a rifle team these two qualities are given first and foremost consideration. Each cadet interested in this co-curricular activity is given an opportunity to qualify.

The team is chosen by competitive matches. By these means, the team is narrowed down to the top fifteen scorers.

The outstanding matches each year are the Second Army, William Randolph Hearst, and the State All-Military match. There is also an inter-squad medal match sponsored by Mr. F. A. Purvis, a former Captain of the rifle team. Matches with other military schools are also fired.

Faculty supervisor is Captain A. W. Todd.

Rifle team—*Left to right:* Neal, Davis, C., Thompson, G. V., Britt, Fallin, Outten.

Left to right, first row: Boyd, Huang, Barnard, Wooten, Britt, Welch, Lewis C., Ellis. *Second row:* Thompson, G. B., Page, Burton, Davis, C., Stewart, Carmack, Orzano, Wilkerson. *Top row:* Plaster, Harris, Bell, Sanders, Bailey, Outten, Fallin, Batchelor, Scott, Roberts.

During the year our varsity teams have been able to compete favorably with the best preparatory schools in Virginia and neighboring states. It is our conviction that through the development of our junior teams, along with our intramural program, we will be able to continue as worthy opponents in the field of interscholastic athletics.

The primary purpose of the athletic program is to develop a cadet physically, mentally and morally. Co-operation and good sportsmanship receive special emphasis. We are more concerned about developing a spirit of good sportsmanship among members of the teams and student body as a whole than we are in winning contests.

Each cadet is urged to participate in one, or more, sports. All cadets are admitted to home games free of charge. This courtesy is provided with the idea of improving the *esprit de corps* of the student body.

VARSITY CLUB

The school owns and operates modern bus equipment for transportation of athletic teams and other organizations for appearances elsewhere. This contributes immensely to the safety and comfort of the cadets in these important activities.

JUNIOR SCHOOL FACULTY AND STAFF

Sometimes it is desirable or necessary for a boy to enter boarding school during grammar school years. This earlier entrance does make it easier for him to do more successful work in high school later on because in the Junior School he learns how to study and how to live with other boys. In such cases Hargrave undertakes to humanize the life of younger boys in a pleasant home-like atmosphere separate from the Senior School.

JUNIOR DEPARTMENT

The modern American home frequently requires the service of either a boarding school or a school with a specialized program of training for 12- to 14-year-old boys. Junior school students at Hargrave are given every advantage of this program at the age when boys are most responsive to habit and character training. Their needs are being met by limiting the size of classes to an average of twelve to fifteen pupils, by providing continuous supervision of all activities, and by insuring close contact with faculty and staff members of excellent Christian character who supervise the complete training of these cadets. Evidence that this program has met with success is, in part, borne out by the fact that during the past session many former junior school boys were enrolled in the senior school.

The Hargrave junior school building is new and modern in every respect. It provides living quarters for fifty elementary school cadets (only two boys in a room), two masters, the housemother, and other faculty and staff members, and contains classrooms for the sixth through the eighth grades, reception rooms, and social and recreational facilities for this department. Each dormitory room is furnished with chairs, tables, single beds, clothes, closets, and a lavatory.

JUNIOR SCHOOL ADMINISTRATION

HEADMASTER—The headmaster is responsible for the disciplinary training of these younger boys. We strive for strict military discipline administered in the spirit of kindness and understanding. The approach to the problems of each cadet is through friendly counseling by a man who lives with these younger boys.

TEACHERS—Throughout the history of this department the school has used special care in the selection of teachers who are prepared for boarding school grade work. These teachers supervise the night study of junior school boys and conduct afternoon school for those deficient in their studies.

HOUSEMOTHER—Parents need not suffer any uneasiness in sending their young sons to us. In addition to the competent Masters, who direct these boys, there is a kind-hearted and sympathetic Housemother. Her duty is to make life pleasant and home-like for them. She also cares for their clothing and mending, and is in a definite way a mother to the boys.
